

## Congratulations!

You are now the proud owner of Zelco's The Extendable, Adjustable, Foldable, BBQ Light, the world's first battery-operated light for outdoor cooking.

Like all Zelco products, The Extendable, Adjustable, Foldable BBQ Light is made of the finest, most advanced materials available (including special, heat resistant plastics), and to the highest standards of craftsmanship, and should provide you with years of satisfied use. Please read instructions before using it.

## Instructions

**IMPORTANT:** For trouble-free operation and long-life, do not leave, or store, lamp outdoors.

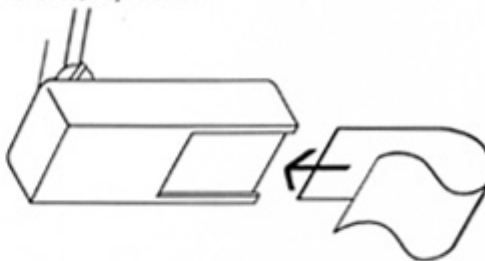

### Installing batteries:

Slide battery cover off base in direction indicated by arrow on top of base. Insert 4 "D" cell batteries (not included) as indicated inside base.

### Using light:

Light can sit on any flat surface, as is, or it can be attached to a barbeque side-table by using the accessory clip.

The accessory clip slides into bottom of base, as indicated.

Adjust arm to position desired and lock in position by tightening knob.

Turn light on by extending arm.

**CAUTION:** WHILE THE EXTENDABLE, ADJUSTABLE, FOLDABLE BBQ LIGHT IS MADE OF THE BEST HEAT- RESISTANT MATERIALS AVAILABLE, BARBEQUES CAN GENERATE VERY INTENSE HEAT. **KEEP LAMP HEAD AT LEAST 10" FROM GRILL SURFACE.**

Replacement bulbs are available in 2-bulb packs. If not stocked by your dealer, send us \$6 (per pack) to cover cost of bulbs (see chart for shipping and handling charges).
